(c) Government has stopped the issue of lustre lost wheat for distribution under Targetted Public Distribution System (TPDS) w.e.f. 6.8.2002. Only good quality foodgrains conforming to Prevention of Food Adulteration Act (PFA) norms are issued to the States and Union Territories for distribution under TPDS and Other Welfare Schemes.

The following steps have been taken by the Government to ensure that only good quality foodgrains are distributed:

(i) Ample opportunities are provided to the officials of the State Government/UT Administrations to inspect the stocks prior to lifting from the Food Corporation of India (FCI) godowns.

(ii) Instructions have been issued to all the State Governments/UT Administrations that an officer not below the rank of Inspector should be deputed to check the quality of foodgrains before lifting from the FCI godowns.

(iii) The samples of foodgrains are to be jointly drawn and sealed by the officers of the State Governments/UT Administrations and the FCI from the stocks for display at the counters of Fair Price Shops (FPSs) for the benefit of consumers.

(iv) The officers of the State Governments' and the Ministry pay surprise checks of the FPSs, to over see the quality of foodgrains being distributed through TPDS.

(v) The officers of the Department designated as 'Area officers' for monitoring the TPDS work in the respective States also undertake visits to the storage depots and the FPSs, during their visit to the States to check the quality of foodgrains being issued.
